

CONTRACTOR'S CHOICE

Co-op is a different kind of business — we're truly local. Saskatoon Co-op was built by you and built for you. As a co-operative, we are locally invested, community-minded and we offer lifetime membership benefits including patronage refunds, quality products, quality services and competitive prices. Over the past five years, we have returned over \$28 million in cash to our members.

As a contractor, you can sign up to be a Co-op member and become an owner. You will earn equity and cash back based on your purchases, in addition to the other services that we provide as part of our contractor's choice program.

At Saskatoon Co-op, we take pride in providing dedicated, personal and helpful customer service. We have a knowledgeable team, competitive pricing and quality products that you can count on.

Here are some of the services that we provide as part of our contractor's choice program.

- Personalized service from a knowledgeable and experienced team
- Large product offering — Access to a large amount of materials, we can order anything in! We also carry a large assortment of specialty products.
- 1-on-1 service with designated sales team
- Contractor pricing
- Large inventory of building materials
- Fully stocked drive-thru lumber yards
 - Pick your own product, load it up and pay for it at the end
 - Both locations carry a large selection
 - Our Greystone location is fully covered
 - Quality products and large assortment
- Easy contractor access
- Project planning and consultation
- Complete line of supporting products such as hardware, paint, plumbing and electrical supplies
- Delivery, both local and out of town
 - Discounted delivery rates available
 - Large delivery fleet including forklift, trailer, flat deck, enclosed, half-ton.
- Two locations for convenience and easy pick up. Same pricing at both locations. If one location doesn't carry something, it can be delivered from the other location.
- Competitive pricing on overall packages
- Selection of e-plans available online at home.crs or bring in your own plans for a free quote. We also work with a third party company to provide design services.
